EDUCATION

BACHELOR OF MECHANICAL ENGINEERING
2021-2024
S.Veerasamy Chettiar College Of Engineering And Technology with 7.6CGPA.

COURSES

Brassy Academy
[Aug, 2024] - [Nov, 2024]
Completed a comprehensive course covering **React**, **Node.js**, **Express.js**, and **MongoDB**. Developed a **full-stack** e-commerce website (Farm to Marketplace) as a **capstone project.**

PROJECTS

Farm-To-Marketplace E-commerce Website

https://www.farm-to-marketplace.vercel.app/

Project Type : **FullStack Web Application**.
Technology Stack : **React.js**, **Node.js**, **MongoDB**, **Bootstrap**, **JavaScript**.
Description :
Independently enhanced a **full-stack e-commerce platform.**
Designed and implemented **RESTful APIs** for seamless **backend-frontend communication**.
Engineered a scalable **MongoDB** database for efficient **data storage**.
Built a **user-friendly** and **responsive** React frontend.
Implemented robust **authentication**, **authorization**, and **state management.**
Successfully **deployed** the application to the cloud.

Movie-Ticket-Booking App

https://www.ticket-booking-app-eta.vercel.app/

Project Type : **FullStack Web Application.**
Technology Stack : **React.js**, HTML, CSS, Bootstrap, **JavaScript**.
Description :
Developed a **dynamic** movie **ticket booking website** with **Add-to-cart functionality**, **Real time movie listings, User-authentication .**
The application allows users to browse movie schedules, select seats, and simulate ticket booking. Designed with a focus on clean aesthetics, intuitive navigation, and responsive design to ensure accessibility across devices.

Health-First Blog Website

https://www.health-first-ten.vercel.app/

Project Type : **Frontend Web Application.**
Technology Stack :**HTML, CSS, Bootstrap**.
Description :
Expanded a **responsive** health and wellness blog website using **HTML, CSS, and Bootstrap.**
Prioritized **user experience** by ensuring optimal **display across various devices**.
Created a visually appealing and **informative platform** to promote health and wellness.
The website delivers actionable insights on nutrition, fitness, mental health, and the latest medical research, effectively combining **functionality** with an **engaging user experience.**

Ride-On Blog Website

https://www.ride-on.vercel.app/

Project Type : **Frontend Web Application.**
Technology Stack : **HTML**, **CSS**, **Bootstrap**, **React**.
Description :
By **leveraging the power of React, HTML, CSS, and Bootstra**p, we will create a visually appealing and **user-friendly** tech blog that delivers value to our audience.
Created and implemented **Ride-On**, an adventure-themed **blog** using HTML, CSS, and Bootstrap. The platform features a **responsive design** that caters to cycling and road trip enthusiasts, and travel guides while **showcasing technical proficiency** and attention to detail.
